Las Vegas, NV – Online Copy Guru, LLC is announcing that they have added an additional business division to provide ghostwriting services. This service is exclusively for business professionals and thought leaders who want to write a non-fiction book to enhance authority with their audience.

“Most people don’t know that our first client project was ghostwriting a book for a fitness guru,” says Monique Poché, Owner, Author, and Founder of Online Copy Guru, LLC. “We’ve taken on quite a few of these assignments over the years through word of mouth, and now it’s time to let the world know we’re able to provide this type of service.”

Ms. Poché will head this division and will act as the main ghostwriter for clients. With four books of her own available on Amazon, Ms. Poché has extensive knowledge of both writing and publishing books. As a freelance copywriter and marketing professional, she can also provide guidance on developing a strategy to promote the book. Most full-length books will take from a few months to up to a year to write. Regardless of how long the process takes, Ms. Poché works side-by-side with her ghostwriting clients to ensure their book is written according to their needs and standards. Once the book content is finalized, it is sent to a professional proofreader to ensure continuity and quality.
